**This schedule is tentative. The final STAR Events competition schedule will be available in mid-May on the FCCLA national website. This schedule should be used for preliminary planning only. STAR Events participants should be sure to make their STAR Event competition their primary objective of the meeting and must be flexible in planning. STAR Events volunteers should indicate the events they are interested in and any conflicts known at the time of nomination on their nomination form to ensure that they do not need to be reassigned after their original placement.
